

PUBLIC COMMENT TO ADDRESS THE BEHAVIORAL HEALTH COMMISSION
September 25, 2025
Executive Committee Meeting

Commissioners by Supervisorial District

District	1 st	2 nd	3 rd	4 th	5 th
Supervisor	Hilda L. Solis	Holly J. Mitchell	Lindsey P. Horvath	Janice Hahn	Kathryn Barger
Commissioners	Susan Friedman	Kathleen Austria	Stacy Dalglish	Victor Manalo	Lawrence Schallert
	Bennett W. Root, Jr.	Reba Stevens	Thomas Roache	Deena Duncan	Brittney Weissman
	Imelda Padilla-Frausto	Erica Holmes	Vacant	Andrew Roble	Yuh hee Anna Lee

L.A. County Board of Supervisors Member: Supervisor Kathryn Barger

Agenda #	Name	Method used to address the Commission (e.g., By phone, in-person, or email)	Type of Public Comment (e.g., General or Stakeholder Report)	Comments
<p>The following individuals addressed the Commission either in person or by phone during this meeting. PLEASE NOTE: The text below has been retrieved from the non-verbatim transcript produced by our live captioning service. For the emailed communication, we have copied the text from the email received and pasted it on to this document.</p>				
Public Comment	Sheila Richardson	In person	General	I am Sheila Richardson, Exclusive Systems. I am a former County of Los Angeles Board of Supervisors, Santa Clarita, Chatsworth Supervisor Staff Assistant 2. I have also had the opportunity to be the caregiver for my beautiful 92 year old mother. Through the IHS Program. The reason for being here today, I am president, founder of Exclusive systems, the executive report written for the DMV self-service terminal. I am also commissioner with city of Carson COC-MRB board, this is my second appointment from a mayor. And I said a little bit about myself to each and everyone one of you, because I understand what the department of mental health does. To bring awareness and sufficiency for adults to be able to thrive within the community like other individuals do and we do on a regular

				<p>basis. Also have gainful employment, I have had gainful employment. Administrative employment and high scores since 1992. I came with Los Angeles County in 1986, went to job training partnership act of Torrance and also executive chamber city of Carson. My establishments and everything that I have encountered has been because of good cognitive. I have a son that was special needs Westchester Highschool. My son graduated and he is now in Seattle, Washington. He is doing well in sense of understanding and comprehension. I think this department is a department that should uplift the minds of individuals and let them know that yes, they can achieve anything they want to in live. I have. Bishop Knowell Jones is my spiritual leader; Pastor life is my other entity that I visit and I host a business empowerment mixer every 90 cays ins the city of Torrence and Carson and education is key and I being requested today with Los Angeles board of supervisors due to family members writing false DDS reporting and I did IEP....</p> <p>**Asked to wrap up by Chair***</p> <p>Perfect, that is why I am present today and I want the department to know that we want our con stitch within this and our individuals to reach the highest level of what they need to do in life. And be that, and receive every single reward 1 percent and it is always a reward win, win, situation and that is what Los Angeles County does thank you everyone.</p>
Public Comment	Jim "The Hat"	In Person	General	<p>Good afternoon commissioners Jim Hat you recognize me or I recognize you and I have been here over the last several months listening to you and thank you for your time. My role is simple to</p>

				<p>serve as an outside consultant and making sure (Indistinct) seeing clearly and directly on behalf of the afro community last time we were here was on your retreat and it was difficult.</p> <p>It is a little bit traumatizing because we had opinions going here. Opinions going here. And that is natural. Because everybody has their opinions to be respect right? Like (Indistinct) on a tree. Everybody have that branch on the tree even the twigs and I didn't hear where the branch is connected to the trunk which is we are unity. Unity is the definition of accountability. Um, unity I did not hear and that is what a lot of the black men have in their community.</p> <p>I am here not to ask for a fee but retainer that will work as donation and that will go to the charity of my choice a suggestion of 100 or \$200 and not ask you to do anything I wouldn't do and have a communication liaison that is a professional arrangement and tax deductible benefit to help move the board of commissioners together in their goals and ensure you the value that you receive is ten times more than investment. Clarity insight and representation. You know where I come from. My e mail is one J three. And I will have those cards as being DMH consultant. Ready next time. Thank you</p>
Public Comment	Sidney and Yvonne	In person	Stakeholder Report/SALT7	<p>Good morning everyone. My name is Sidney from area I am from the area service seven. I am YVONNE sand Val with service area seven. You wanted to go first? She is just letting everybody know we are here. She is the driver and the person that gets us all of the time. I am nursing a sciatica. From two weeks in bed. I want to remind everybody we salt seven are on Instagram and we are on Facebook. So, if you plug in um, capital LACDMH space service</p>

				<p>area seven. You log onto what is going on in our community. And things of that nature. If you, um, request to be friends on it of course it is really specifically for area seven but it is always interesting and you know?</p> <p>We, what we share it is always, one more minute and 17 seconds. You know, it is always, you can piggyback and say, oh, maybe we can do this in our area when you see what we are doing and you know? Vice versa. And it is, I am glad to be here and glad to see everybody who is here and I hope you all have a great, thank you everybody.</p> <p>Thank you very much.</p>
Public Comment	Pastor Josuah Nah	Phone	General	<p>During the meeting that took place on September 18th there was a discussion about three issues. Whether these issues could be resolved at the um, or by the county and DMH. First issue are you able to run a restaurant or whether the county will be able to run a restaurant that could provide hot meals to the homeless people on a daily basis. Second question is whether a shower if facility could be run in order to provide um, hygiene and cleanliness to the homeless people. Thirdly whether PRC is able to increase the number of computers that could be used for the internet as well as the increase of the faxes which is the public for the public service and those are the three questions. Thank you very much. With respect to the first question. With respect to the first question just um, for clarification one of the member brought that up. Regarding providing the hot meals daily.</p>

Subject: BCCP™ / B2C3A™ Authorship Integrity & Structural Convergence | Public Record Submission for Sept. 25 BHC Executive Committee Re: L.A. County Behavioral Health Commission (BHC) - Meeting Notice & Agenda
Date: Thursday, September 25, 2025 10:07:09 AM
Attachments: [Mohammad_EthicsMemo_BCCP_ConvergenceDocumentation_2025-08-07.pdf](#)
[BCCP_B2C3A_Public_Authorship_&_Provenance_Notice_Mohammad_2025.pdf](#)

CAUTION: External Email. Proceed Responsibly.

Good morning, Behavioral Health Commission Executive Committee,

This submission is for the public record and agenda comment for the September 25, 2025 Executive Committee meeting. I write in my capacity as the author of the BureauCare-to-Custody-Cemetery Pipeline™ (BCCP™) and B2C3A™ Pipeline Prevention Model (U.S. Copyright TXu 2-486-534), formally introduced to the Board of Supervisors on April 10, 2025.

I submit this statement as a recognition-only record to affirm authorship integrity and document convergence between these frameworks and ongoing County policy development and behavioral health investments.

Item 5 – Work in Progress / CARE Court Oversight

The discussion surrounding CARE Court implementation, as directed by Supervisor Hahn, overlaps with core BCCP™ diagnostic concerns:

- Bureaucratic deflection of accountability
- Lack of trauma-informed outreach
- Postvention delays

I respectfully reference my **August 7, 2025 ethics memo**, already submitted to DMH, County Counsel, and the Board, which documented silent institutional observation at a CARE Court hearing for which I was the original petitioner. That hearing illustrated the very systemic dynamics BCCP™ was designed to prevent: harm absorption without acknowledgment, procedural silencing, and extraction of family labor under the guise of reform.

These conditions are not hypothetical. They now sit alongside a confirmed **child fatality on September 10, 2025**, further intensifying the need for public safety frameworks that center authorship, lived experience, and structural accountability.

Public Comment Summary

The BCCP™ and B2C3A™ frameworks were submitted into County record to protect families from the very convergence now unfolding across DMH, PPSGC, the CEO's office, and FSS Cluster. It is not ethical for implementation to proceed while original authors are procedurally excluded, while trauma is mined without remedy, and while leadership fails to acknowledge the frameworks already in use.

This is not about recognition for recognition's sake. This is about structural equity, family safety, and the integrity of your systems design.

Requests for the Record:

1. Affirm the presence of BCCP™/B2C3A™ logics in recent programmatic developments.
2. Record the procedural exclusion of the framework author from relevant meetings, including the July 23 FSS Cluster session (“One Roof 2.0”) and the August CARE Court hearing.
3. Ensure no further County adoption of framework elements proceeds without transparent authorship acknowledgment, BCCP fidelity safeguards, and ethical engagement.

This submission is made under ADA medical leave protections.

No license is granted. No operational methods disclosed.

This is a recognition-only communication for public indexing, ethical recordkeeping, and convergence documentation.

Respectfully,

Dr. Esroruleh Mohammad, Ph.D.

Clinical Psychologist (on ADA medical leave) | Systems Equity & Family Advocate | CARE Court Petitioner

Public Authorship & Provenance Notice — BureauCare™ Systems Equity Frameworks

Author: Dr. Esroruleh T. Mohammad, Ph.D. (Clinical Psychologist – on medical leave)

Creator: BureauCare-to-Custody-Cemetery Pipeline™ (BCCP™); B2C3A™ Pipeline Prevention Model

Role: Independent Systems Equity Scholar & Policy Advocate

Contact: tamimmohammad@gmail.com

Copyright: U.S. Copyright Registration TXu 2-486-534 (BCCP™/B2C3A™). Trademarks claimed (™).

Intended audience: County, state, and federal agencies; oversight bodies; publicly funded partners.

This notice establishes authorship, provenance, and copyright protections for the BureauCare-to-Custody-Cemetery Pipeline™ (BCCP™) and B2C3A™ frameworks. It documents their integration into public records at County, state, and federal levels while clarifying attribution requirements. It further identifies the September 10 and September 23, 2025 hearings as surrogate ADA IPM records, ensuring continuity and legal compliance

Purpose of this notice

This notice is entered into the public record under the protections of U.S. Copyright law (TXu 2-486-534) and the ADA/FEHA/§504 civil rights frameworks. Use of these frameworks without attribution, engagement, or fidelity constitutes not only ethical misrepresentation but also legal exposure.

It affirms authorship and provenance of the BureauCare™ systems equity frameworks and requires proper attribution, engagement, and implementation fidelity wherever these models or their core elements are referenced, adapted, or operationalized in public programs.

Accessibility & communications

Written-only communications are requested as an ADA reasonable modification. Please route notice of receipt and follow-up to tamimmohammad@gmail.com.

Frameworks & IP status

- **BCCP™** (BureauCare-to-Custody-Cemetery Pipeline) and **B2C3A™** Pipeline Prevention Model were developed independently by Dr. Mohammad (2013–2025).
- They provide diagnostic and prescriptive tools for prevention-first design, trauma-informed postvention, interagency accountability, and navigation supports across behavioral health, justice, and family systems.
- Registered with the U.S. Copyright Office (TXu 2-486-534). Trademarks are asserted (™).
- All rights reserved. Institutional use, adaptation, or derivative implementation requires attribution and author engagement to ensure fidelity and avoid misapplication.

Convergence Note (Jan. 21 IPM → Civil Service Reform Hearings)

The January 21, 2025 Interactive Process Meeting documented my assignment to clerical-only duties by a CMMD supervisor who sought to remove “clinical” from my psychologist role, in direct contradiction to my state-issued license and mandated reporter obligations. I specifically raised vacancy misuse, suppression of postvention duties following a suicide, and the systemic risks of restricting licensed clinicians to clerical functions.

Eight months later, these same themes were publicly acknowledged at the September 10 Health & Mental Health Cluster and September 23 Board hearing on AB 2561 implementation:

- **CEO Joseph Nicchita** described civil service rules as “20–30 years out of date,” stressing the need for innovation and efficiency under AB 2561 reforms.
- **DHR Director Lisa Garrett** confirmed employees are “stuck in clerical” and outlined plans for mobility pathways and a skills database.
- **Supervisors Solis and Hahn** highlighted vacancy misuse, pipeline gaps, and the need to link workforce practices to public outcomes.

This convergence establishes that the systemic barriers I identified at my Jan. 21 IPM are now a matter of public record. The Board’s own leaders and executives have validated the substance of my disclosures, even as the Department has withheld my IPM documentation, performance evaluations, and ADA accommodations. The September 10 and 23, 2025 hearings therefore function as surrogate IPM records and must be preserved in full.

Short credit line:

“Framework elements adapted from Dr. Esroruleh T. Mohammad’s BCCP™/B2C3A™; used with attribution.”

Public Record (Selected Chronology)

April 2025

- Apr 3 — ARDI/ARISE correspondence: Equity leadership (Dr. Wong) deflected recognition to an “independent” advisory council while authored contributions surfaced in strategies without attribution.
- Apr 4 — CARE Court Town Hall: Oral testimony blocked by technical issues; written submission documented petition delays and custody displacement risks. Framework language mirrored later in leadership remarks. Coincided with LA County’s \$4B juvenile abuse settlement.

- **Apr 10 — Behavioral Health Commission: BCCP™ formally introduced (written and oral testimony). Commissioners raised concerns about bureaucracy displacing care, echoing BCCP™ logic.**
- Apr 16 — DMH leadership (Dr. Wong) acknowledged Prop 1 “removes prevention completely” and suggested reframing activities. Also called for interagency scaffolding and state-level advocacy. All themes directly aligned with BCCP™/B2C3A™.
- Apr 24 — Testimony to MHSOAC affirming BCCP™’s alignment with MHSA early intervention and prevention.
- **Apr 30 — DMH response letter: Navigation, case management, and postvention newly named as priorities; interagency collaboration described as if newly discovered. These elements had been introduced weeks earlier through BCCP™.**

May 2025

- May 8 — Follow-up to BHC: authorship and implementation ethics.
- May 14 — BOS budget testimony: linked systemic harm to oversight failures.
- May 21–22 — PPSGC & MHSOAC Executive Committee submissions (dual-framework application).
- May 22 — MHSOAC announced consulting contract with private equity firm Dorsey for “technical assistance” on next steps.

June 2025

- **Jun 6 — MHSOAC issued apology for omission of BCCP™ comments (provenance strengthened).**
- Jun–Aug — MHSOAC ceased holding public oversight meetings during escalating statewide mental health crisis (wildfires, ICE enforcement displacements, homelessness), leaving families without accessible accountability forums.
- Jun 12–19 — BHC, BOS, PPSGC, and DMH Town Hall submissions (authorship correction; fidelity).
- Jun 23 — Probation Oversight Commission testimony (Agenda Items 4 & 5).
- Jun 27 — PRA releases confirmed slide-deck convergence with BCCP™/B2C3A™.
- Jun 28 — Testimony to Senator Sasha Pérez/DHCS/UCLA panel affirming attribution.

July–August 2025

- Jul 4 — Medium article: *From public comment to public policy* (provenance analysis).
- Jul 10 — BHC session: leadership language converged with BCCP™/B2C3A™.
- **Jul 15 — BOS restored Measure J/CFCI allocations; recognition-only attribution request submitted.**
- Jul 23 — Health & Mental Health Services Cluster materials reflected framework pillars.
- Aug 6–21 — Cluster/FSS access issues documented; recognition-only memos filed.
- Aug 21–22 — Federal outreach re Executive Order on design convergence; recognition-only packet submitted to GSA/OMB/USWDS (logged as USWDS Support ticket #34734).

September 2025 – Federal and County acknowledgment

- **Sept 10 — Health & Mental Health Cluster hearing: officials (DHR, DMH) publicly described civil service rules as “40 years outdated,” acknowledged clerical dysfunction, and highlighted prevention gaps. These issues directly overlapped with the author’s Jan. 21, 2025 IPM, whose record remains withheld. Hearing functions as surrogate IPM documentation.**
- **Sept 23 — BOS hearing (Agenda Item 5, AB 2561): vacancy and recruitment testimony mirrored BCCP™ warnings about BureauCare displacement. Author submitted preservation/production request to ensure full record treatment as surrogate IPM.**
- **Sept 23 — USPTO acknowledged pending trademark applications for BCCP™, B2C3A™, BureauCare™ Systems Equity Frameworks.**
- **Sept 24 — White House Correspondence Office issued acknowledgment letter (form response), indexing recognition-only submission into national correspondence record.**

Surrogate IPM Record (September 2025)

The September 10, 2025 Health & Mental Health Cluster hearing and the September 23, 2025 BOS hearing (Agenda Item 5, AB 2561) together function as surrogate Interactive Process Meeting (IPM) records in the author’s ADA case. Themes publicly acknowledged — civil service obsolescence, vacancy maneuvers, BureauCare displacement, and prevention/postvention gaps — directly mirror disclosures made in the author’s January 21, 2025 IPM, which remain absent from the official Department record. Preservation and production of these September proceedings are therefore indispensable to maintaining procedural integrity, evidentiary continuity, and ADA/FEHA compliance.

Implementation & attribution expectations

When agencies adopt or align with BCCP™/B2C3A™ pillars (e.g., prevention-first design, postvention safeguards, fidelity checks, cross-system navigation, depopulation/decapacity harm-reduction), agencies must:

1. Credit the source (see “How to cite”).
2. Engage the author for fidelity reviews and adaptation guidance.
3. Maintain record completeness by posting submitted materials with meeting packets or linking to them in minutes.

Notice to agencies and oversight bodies

- This document serves as constructive notice that BCCP™ and B2C3A™ are copyrighted, authored works (TXu 2-486-534).
- Continued use, reference, or alignment without attribution or author engagement will be documented as potential misappropriation.
- Recognition-only language is provided below; agencies are expected to include it in all minutes, agendas, and public-facing materials where convergence exists.

Risks of non-fidelity / use without attribution

- Misapplication of tools or indicators increases the risk of denial of care, preventable fatalities, and systemic liability.
- **Ethical misrepresentation** → erodes public trust and undermines mandates under MHSA, CARE Court, and County equity policy.
- **Gaps in postvention and navigation** → expose agencies to negligence claims and public safety liability.
- **Legal exposure** → copyright infringement, ADA/FEHA violations, and accountability failures.

Acknowledgment language (ready for agendas/minutes)

“Staff note: Portions of this item draw upon the BCCP™ and B2C3A™ frameworks authored by Dr. Esroruleh T. Mohammad (TXu 2-486-534). The author has been notified and invited for fidelity consultation.”

Reservation of rights

This notice is intended for the public record. All rights are expressly reserved. All copyrights and trademarks are reserved to the author.

This notice preserves the historic record. At this moment of convergence, Los Angeles County and California face a test of governance integrity: whether systemic reform is achieved with fidelity, attribution, and equity—or whether the erasure of disability protections and authorship will itself become part of the historic record.
