

## **County of Los Angeles- Joint Report**

**Department of Mental Health (DMH) – Behavioral Health Service Act (BHSA) Admin  
Department of Public Health (DPH) – Substance Abuse Prevention and Control (SAPC)**

### **Behavioral Health Commission Regular Meeting**

**Thursday, February 12, 2026**

- The draft BHSA Integrated Plan will be posted to the DMH BHSA website on 2-11-26 here for a 30 day public comment period:  
<https://dmh.lacounty.gov/about/mhsa/announcements/>
- DMH and SAPC held a Community Planning Team meeting on Tuesday, February 10th from 9:30-12:30pm at DMH Headquarters, 9th Floor Terrace, located at 510 S. Vermont, Los Angeles, CA 90020. (See attached presentation). A virtual meeting option was also made available. This session covered a summary preview of the Integrated Plan and included a discussion of the CPT meeting structure for the upcoming months. In FY 2026-27, CPT meetings will take place quarterly in person with a virtual option. Monthly subject matter forums will be scheduled to focus on in-depth discussions on components of the approved Integrated Plan and the integration of the mental health and SUD systems.
- The CPT will go dark in March and April to allow for planning and redesign of the quarterly CPT restructuring in FY 2026-27 as we transition from BHSA planning to implementation.
- DMH and SAPC met with all the Board Offices to preview the summary of the Integrated Plan and answer questions.
- DMH and SAPC continue to engage with a variety of youth groups, the LA County Youth Commission and Department of Public Health Youth Advisory Council to ensure youth input for the BHSA Integrated Plan and related programming. Alignment with the DMH TAY Office will also focus on engaging youth in the implementation of the Integrated Plan.
- DMH and SAPC continue to engage with local health jurisdictions and managed care plans (MCPs) to plan for upcoming CHA/CHIP cycles and MCP reinvestment processes.
